Instructions for Completing College/University Certification Form

1. **LOAN PERIOD DATES** - Indicated in the top portion on the reverse side of this form is the enrollment period the student wishes this loan to cover. In item 1, the institution should enter the actual term, semester, or academic year dates which most closely correspond to the dates the student listed. Loan applications should not exceed a period of 12 months, unless being used to pay a tuition prepayment plan.

2. **DATE OF EXPECTED GRADUATION** - Enter the date the student is expected to complete the academic requirements of the program for which this loan is made. This date should be determined without regard to the possibility of future attendance at other institutions.

3B. **TUITION PREPAYMENT CALCULATION** - If the student is applying for over \$20,000 to pay a tuition prepayment plan, enter the amount charged either 2, 3, or 4 years of prepaid tuition, as applicable. This amount may include tuition and fees, and room and board. If the college, or university does not offer a tuition prepayment plan, indicate that fact in the space provided.

4A. **STUDENT'S ENROLLMENT STATUS CODE** - From the following key, select the code that describes the student's status during the academic period listed in item 1 and enter that code in item 4A. Certification should be made in accordance with the institution's normal definition of "full-time" and "half-time".

KEY FOR ITEM 4A:

Code 1. Enrolled or accepted for enrollment on a full-time basis.

Code 2. Enrolled or accepted for enrollment on a less than full-time but at least half-time basis.

4B. **STUDENT'S PROGRESS CODE** - From the following key, select the code that indicates whether the student is making satisfactory academic progress according to standards established by the institution. Enter that code in item 4B.

KEY FOR ITEM 4B:

Code A. Student is making satisfactory progress.

Code B. Student is NOT making satisfactory progress.

5A. **STUDENT'S GRADE LEVEL CODE** - From the following key, select the code that describes the student's anticipated grade level at the start of the enrollment period listed in item 1 and enter that code in item 5A. A student is a "graduate or professional" student only if the program of study for which the loan application is made leads to a graduate or professional degree. The fact that a student already has an undergraduate (bachelor's) degree does not automatically make the student a graduate or professional student. Any program leading to a bachelor's degree or other undergraduate degree, certificate, or diploma, is an undergraduate program.

KEY FOR ITEM 5A:

Undergraduate Student	Graduate or Professional Student
CODE	CODE
01. Freshman	06. 1st
01. Sophomore	07. 2nd
03. Junior	08. 3rd
04. Senior	09. 4th
05. Senior (5yr. program)	10. 5th
	11. 6th
	12. 7th
	13. 8th
	14. 9th
	15. 10th

5B. **DEPENDENCY STATUS** - Indicate whether the student is dependent or independent, as determined in accordance with standards established by the U.S. Department of Education.

6. **ESTIMATED EDUCATION COSTS** - Enter the total estimated education costs of the student for the academic period listed in item 1. Direct education costs include the following: (a) Tuition and fees - the amount paid or expected to be paid directly to the institution for such charges for the period covered by the loan; (b) Room and board - if a student resides at the institution, the amount to be paid to the institution for such charges for the period covered by the loan; and (c) Books and supplies - an allowance as determined by the institution. Indirect education costs include the following: (a) Room and board - if a student does not reside at the institution, an allowance as determined by the institution for each month of expected attendance during the loan year, which shall not exceed the amount of such costs as determined by the U.S. Department of Education; and (b) Miscellaneous personal expenses - an allowance as determined by the institution, for each month of expected attendance.

7. **OTHER FINANCIAL AID** - List the amount of financial aid that the student has received or an estimate of the amount of aid the student is expected to receive for the loan period indicated in item 1. Indicate financial aid from Federal, State, institutional or other scholarship, grant, work-study, or loan programs according to regulations established by the U.S. Department of Education. Do not include expected family contributions.

8. **NET COST OF EDUCATION** - Subtract the amount of other financial aid (item 7) from the amount of estimated education costs (item 6) and enter the difference.

9. Check the appropriate box to indicate if the student owes a refund on a student grant or is in default on a student loan, as indicated on the form.

10. Check the appropriate box to indicate whether your institution is an accredited, non-profit, degree granting educational institution authorized by law to provide a program of education beyond the high school level.

11. **SIGNATURE OF COLLEGE OR UNIVERSITY OFFICIAL** - Please read the certification below before signing. Also enter the signer's title and telephone number, the date of signing, and the name and address of the institution.

Institution Certification

By signing this form, I hereby certify, based upon records available at this institution and due inquiry of the student, that the information given on this form is true, complete, and correct to the best of my knowledge and belief.

College or University: Tear off and keep the green copy. Forward the yellow copy to:
